Hi Damien,

Please let Brian Pratt or I know if you have any feedback to our letter, and if there are any required next steps. Per my conversation with you on Tuesday March 7<sup>th</sup>, we have completed all regulatory requirements for the Project and are seeking to formally satisfy any of your questions or concerns as soon as possible. As discussed, we are all surprised by NHDHRs public reaction to all of this within the press. As a reminder, the Project is fully approved, 100% financed, and we started demolition and construction in August 2022. Currently, we have commenced with vertical construction of the Project and are expected to be completed late Summer of 2024.

Thanks again,

Eric

hi Damien,

Please find attached a letter and attachments responding to the EPA request (also attached) dated 2/16/2023. This is for the project under construction at 21 W. Auburn/75 Canal Street in Manchester NH. The applicant and I are happy to schedule a virtual meeting at your convenience to review

Thanks

Brian
